A FESTIVAL OF BRIGHT ENERGY IDEAS
FEATURING SHELL ECO-MARATHON AMERICAS

UNCOVER THE POSSIBILITIES AT THIS **FREE EVENT** FOR INNOVATIVE MINDS OF ALL AGES

For more than 30 years, Shell Eco-marathon has challenged future automotive engineers and scientists to push the boundaries of innovation and see who can design, build ultra-energy efficient vehicles and drive the farthest distance using the least amount of energy.

At Shell, we support the global drive to provide more and cleaner energy solutions for all towards a sustainable future. We believe amazing things can happen when we come together...when bright energy ideas have a platform to grow into a reality. Will you help us #makethefuture?
