

## Former Bohemian Club Employee Reviews

\*\*\*\*\* *"Fun and exciting work environment"* Great drive to work. Very safe and gated community. You get to meet new people from different state and race. Everyone works together. Very supportive and understanding.

\*\*\*\*\* *"Great place to work in the summer during college"* Get to work out in the redwood forest and get to meet people from all over the county/world.

\*\*\*\* *"Highly Professional and fast paced"* Customer relations was the single most emphasized aspect of the job.

\*\*\*\*\* *"Enjoyable environment and fast paced setting"* I loved working at the Bohemian Club because it was a great environment with great coworkers and I learned a lot about serving.

**WORKEXPERIENCE**  
Learn. Earn. Achieve.

### 2018 Dates

Jinks: June 4 through June 10

Encampment: July 19 through July 29

# THE BOHEMIAN GROVE – ABOUT US

The Grove is a place like no other. With 2700 private acres of towering redwood forest nestled in Sonoma County’s Russian River wine country it’s an amazing work environment. For over 100 years our members and their guests have ventured to the Grove each summer for two events; the Jinks and Encampment to enjoy and participate in performances, concerts, lectures, nature walks and fine dining. Our attendees consist of business and political leaders from around the globe and yeah, we’re also talking about world class rock and roll, country, jazz and classical musicians and entertainers. It’s pretty cool.

It’s not for everyone. During the summer events we are constantly doing whatever it takes to provide world class service to our members and guests. We are aiming for perfection. You should be hardworking, gracious, collaborative, comfortable with ambiguity, and love the outdoors. What will you do on your days off? You will have the time of your life floating down the Russian River in an inner tube, exploring the California Coast, or taking advantage of the proximity to wine country and all it has to offer. People come from all over the country and the globe to come work for us. 90% of our hires come by word of mouth referrals. People love working this gig.
