

Good Day,

Thank you for letting me introduce, myself and company to you. My team and I specialize in the executive branch, administration, HR, IT, pharmacist, radiation - imagining and finance department of hospitals. We locate permanent staffing as well as contract for any department under the umbrella of a hospital. I have many capable candidates throughout the region and country, which are looking for new challenging career opportunities, where they can grow and expand their horizons.

As I mentioned, MSI International, <http://www.msi-intl.com/>, has been in business since 1968 and specializes in direct placement of Healthcare candidates who excel from those who are average and ordinary. MSI is literally hired by client companies to find those people who are rarities amongst their peers.

I work with a team of over 14 seasoned recruiters in our New Orleans office. I am confident we can assist you with your future perm searches and can add tremendous value to your search and recruitment program. I look forward to hearing and working with you in the near future.

Best Regards,

Bill Ferguson
Sr. Account Executive
MSI International
